

Village of North Palm Beach

“The Best Place to Live Under the Sun”

JUNE 2016

Letter from Village Manager Jim Kelly

Dear Residents,

First, Happy Father's Day to all "Dads". Isn't it funny that no matter how old our children get, they are still our "children". We still celebrate their accomplishments, comfort them in their time of need, and enjoy their hugs and laughter!

Since last June, we have developed a draft of our Village Master Plan, hired an architect for our Clubhouse, created concept renderings of our future Clubhouse, and released an RFP seeking potential vendors to operate our Restaurant and Banquet Facilities for the new Clubhouse. Please keep an eye on our website, www.village-npb.org to get updates on our progress.

One last thing, June starts hurricane season, so please take the time to prepare.

Sincerely,

Jim Kelly

Are You Ready For The 2016 Hurricane Season?

What is the National Flood Insurance Program (NFIP)?

The NFIP is a Federal program enabling property owners in participating communities to purchase insurance protection against losses from flooding. This insurance is designed to provide an insurance alternative to disaster assistance to meet the escalating costs of repairing damage to buildings and their contents caused by floods. Participation in the NFIP is based on an agreement between local communities and the Federal Government that states if a community will adopt and enforce a floodplain management ordinance to reduce future flood risks to new construction in Special Flood Hazard Areas, the Federal Government will make flood insurance available within the community as a financial protection against flood losses. The Village of North Palm Beach participates in the National Flood Insurance Program (NFIP), which makes federally backed flood insurance available for all eligible buildings, whether they are in a floodplain or not.

What Flood Zone Is My Property In?

The Village Library and Community Development Department maintain a complete section that has information covering all areas of flood protection, building construction and flood insurance. Flood zone maps are available for inspection also. If you need to know what flood zone your home is in or obtain a copy of an elevation certificate (If on file), please call the Community Development Department, Village Planner at [561-882-1156](tel:561-882-1156), Email: jnentwick@village-npb.org or go to www.floodsmart.gov.

What Should I Know When Preparing My House For Hurricane Season?

The Village Council passed an Ordinance in 2009 which includes an amendment to section 14 - 31, limiting the amount of yard waste the Village will remove from a residential property on any scheduled yard waste collection day. **Branches, tree limbs, shrub clippings, and palm fronds shall be limited to one pile not exceeding 8 cubic yards, measuring approximately 4 feet wide by 15 feet long by 4 feet tall.** If yard waste placed for collection exceeds the allowable limit, property owners shall be required to pay the costs associated with removal. Remember, any person, group of persons, corporation or other entity paid a fee to perform tree trimming or landscape maintenance shall be required to remove all yard waste generated by such activities . To learn more about the Village Code of Ordinances please visit www.village-npb.org or call [561-691-3440](tel:561-691-3440).

No property owner shall generate yard waste for collection once any portion of the Village has been placed under a hurricane or tropical storm watch or warning by the National Oceanic and Atmospheric Association (NOAA).

News and Events

POLICE NEWS

.In recent months there has been an increase in calls to the police regarding suspicious telephone calls that are received from an entity posing as the I.R.S. The telephone calls usually reference that you the taxpayer owes back taxes and if you do not pay immediately they will issue an arrest warrant. This tactic is used to frighten residents into giving up valuable personal and financial information. These calls are not uncommon throughout the year however they appear to increase dramatically around tax season. The North Palm Beach police department would like to take the opportunity to inform its citizens of these calls and what signs to look for before you hand over your information and any monies. First, it is important to know that the I.R.S. never asks for credit card, debit card, or prepaid card information over the telephone. Second, the I.R.S. never insists that taxpayers use a specific payment method to satisfy tax obligations. Third, the I.R.S. never requests immediate payment over the phone and will not take enforcement action immediately following a telephone conversation. These scammers pose as I.R.S. employees and will offer fake badge and identification numbers when you request it. The telephone numbers that the scammers are calling from may appear to be legitimate when in fact they are not. If you feel that you may have been targeted by one of these scammers you can report it to the I.R.S. directly and to the Treasury Inspector General for Tax Administration at 1-800-366-4484.
