GAS PERMIT SUBMITTAL CHECK LIST

Construction documents shall be dimensioned and drawn upon suitable material. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this code and relevant laws, ordinances, rules and regulations.

- Provide method used (longest, branch, hybrid)
- Indicate inlet pressure in PSI and pressure drop in PSI or in water column.
- Provide Gas Plans and Riser Diagram clearly showing location of meter and each regulator
- Provide the lengths of each branch and the type of material for each branch and proposed size

Provide one of the following:

- State each table of Florida Building Code – Gas used for sizing
- Pipe sizing table # of the Florida Fuel Gas Code
- Sizing tables included in a listed piping system's manufacturer's installation instructions.
- Sizing equations in accordance with Section 402.4
