Police Department: Distraction Burglaries

The North Palm Beach Police Department would like to inform all residents on how to protect themselves from becoming a victim of a distraction theft. The key to prevention is to understand the method of operation and how these criminals are able to commit this type of crime. Suspects can be either male or female and will often pose as landscapers, pest control specialists, plumbers, electricians, and/or utility workers. These subjects will attempt to gain the trust of the victim and create a sense of urgency to distract you from your home and into your backyard if possible. While being distracted in your backyard, others may enter your home without your knowledge and steal any belongings that they feel may be of value. Do not feel obligated to open the door. Confirm the identity of all workers prior to allowing them into your house or onto your property. If you are not expecting a service and feel that this is suspicious, call 911 immediately. Distraction Theft Criminals, also known as “traveling criminals” target elderly residents when they are the most vulnerable. Do not allow yourself to become distracted. If you know of a neighbor who may be considered a vulnerable target, please share this important information with them so that they will be prepared in how to handle this type of situation. Be mindful of what is in your neighborhoods and remember to report any suspicious activity immediately to the North Palm Beach Police Department.
