Village of North Palm Beach

“The Best Place to Live Under the Sun”
Hi Villagers!

The beginning of the school year marks the end of summer and the Village’s transition between fiscal years. Village Council and staff reviewed preliminary financial plans in July and August in preparation for public hearings to consider adoption of the budget to be conducted on September 14th and September 28th at 7:30 pm in the Council Chambers at Village Hall. Although there is too much detail in the preliminary financial plan to discuss here, some highlights include:

- No increase in the Village’s millage rate. Even with no increase in the millage rate, the ad valorem (property tax) revenue will increase by $1.9 million predominately due to new construction and increased valuation of non-homestead properties,
- Increased financial resources directed to maintain parks, sidewalks, streets and stormwater systems,
- Additional police officers that will be focused on addressing quality of life issues in neighborhoods,
- Improved community information and public outreach activities,
- Development of policies and plans, which will include public engagement activities, to implement the concepts identified in the Citizens’ Master Plan Report (www.village-npb.org/DocumentCenter/View/2147),
- Use of the 1 cent surtax revenues, the sales tax increase approved by Palm Beach County voters last year, to invest needed infrastructure projects, and
- Demolition of the existing clubhouse and construction of a new clubhouse and pool area, as well as the restoration of the golf course, at the North Palm Beach Country Club.

Speaking of the clubhouse, it’s important to be aware that the Village Council made two significant policy decisions in July that will impact the scope of the clubhouse construction project:

- First, Council terminated an agreement with Carl von Luger Seafood and Steakhouse, LLC. This was the company that was going to serve as the food and beverage operator at the clubhouse.
- The Council also directed the architectural consultant for the clubhouse project, Peacock & Lewis, to revise the clubhouse designs to eliminate “fine dining”, or the proposed steakhouse, and focus food and beverage designs on casual dining and banquet room opportunities. This revised scope of work will better ensure that the project will be completed within the $15 million budget.

These changes to the clubhouse project’s scope of work will result in some delays to the schedule, but the Village Council made those decisions to better ensure that the clubhouse is financially sustainable and meets the needs of the community.

To stay up to date on the budget, the clubhouse project and other important Village matters, please sign up for notification at (www.village-npb.org/list.aspx). As always, feel free to contact me at alukasik@village-npb.org with any questions, comments, or concerns.

Sincerely,

Andy Lukasik
Village Manager
MAIL CALL

Yesterday we received over 200 heart-warming care packages from your village. On behalf of all of the Soldiers and Airmen of Task Force Toccoa here in Cameroon, I want to extend my sincerest gratitude to your community for your support. These men and women are deployed to one of the most remote and isolated outposts in Africa - yet through your kind efforts - you brought them a little closer to home. Be sure, the attached photos represent 200 more smiles that you created. Thank you for reminding these Soldiers why they serve, who they protect, and what to look forward to when they get home. Please let us know if there are other community leaders or organizations that we can extend our gratitude to. If there's anything else we can do for those who took the time to create these precious packages - they represent the very best of our society. Thank you.

Currahee!!

CONSTITUTION DAY AND CITIZENSHIP DAY AND CONSTITUTION WEEK

September 17, 2017 marks the 230th anniversary of the drafting of the Constitution of the United States of America by the Constitutional Convention. In remembrance of the signing of the Constitution and in recognition of the Americans who strive to uphold the duties and responsibilities of citizenship, Congress designated September 17 as “Constitution Day and Citizenship Day,” and September 17-23 as “Constitution Week.” The Constitution is the supreme law and landmark legal document of the United States of America. It establishes the three branches of the federal government and specifies the powers and duties of each branch. The United States Constitution is the oldest written constitution still in use and was adopted on September 17, 1787 by the Constitutional Convention in Philadelphia. In 1791, a list of rights was added to the Constitution; the first ten amendments became known as the Bill of Rights. The U.S. Constitution is available for viewing on the National Archives website, http://www.archives.gov/
North Palm Beach Veterans Day Ceremony

The 5th Annual Veterans Day Ceremony will take place in Veterans Memorial Park, 303 Anchorage Drive, on Saturday, November 11, 2017 at 9:00 AM. The Village is honored to have Retired Staff Sergeant Thomas A. Matteo as our keynote speaker. Again this year, Boy Scout Troop 155, the NPB Honor Guard, and the American Red Cross will participate.

Thomas A. Matteo, retired Staff Sergeant with the United States Marine Corps, and retired Law Enforcement professional is the son of Italian immigrants, who came to America in the late 1800's from Naples, Italy. His father and mother both served in the United States military during WWII. He is a six-time recipient of the Purple Heart during several tours of duty during the Vietnam War. He served with Delta Company 1/3, With Golf Company 2/4, and Foxtrot Company 2nd Bn., 1st Marines.

Matteo was the Police Chief for two Municipal Police Departments in the State of Florida from 1976-1984 until he became an expert witness regarding police policy and procedures. He also was a consultant for the United States Treasury Department, US Customs Investigative Services, and worked on a Federal task force combating drug trafficking and money laundering in Central and South America.

Diagnosed with an Agent Orange related disease in 2005, Matteo was deemed 100 percent service connected disabled by the Veterans Administration in 2005.

He is currently the chairman of Faces of Heroes, Vietnam Warriors, Inc., a non-profit which assists other Veterans and is a Vietnam War Consultant on a film called “Wounded Heroes” about how PTSD affects a father and his son. He is also the Ambassador of the South Florida Honor Flight for Vietnam Elite Guardians.

General Paxton with Chief Thomas Matteo, Retired

In observance of Labor Day, all Village offices, Parks & Rec, and the Library will be closed.

The Country Club will be open.
Grilling Safety

There’s nothing like outdoor grilling. It’s one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

SAFETY TIPS

- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.
- Always make sure your gas grill lid is open before lighting it.

CHARCOAL GRILLS

- There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- Keep charcoal fluid out of the reach of children and away from heat sources.
- There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- When you are finished grilling, let the coals completely cool before disposing in a metal container.

PROpane Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, turn off the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. Do not move the grill.

If the flame goes out, turn the grill and gas off and wait at least 5 minutes before re-lighting it.

FACTS

- July is the peak month for grill fires.
- Roughly half of the injuries involving grills are thermal burns.

Just a Friendly Reminder - We provide refuse collection services (5) days a week for all Village residents. All refuse should be ready for collection by 7:00am. Residents must provide their own garbage/trash can and place it by their home for pickup (“side door service”). Bulk items, vegetation, and recycling should be placed curbside. Please note that if a contractor is hired, e.g. landscaper or home remodeler, they are responsible to haul away the vegetation and construction debris.

Hurricane Landscape Tip

Take some time to carefully look at each canopy tree and large shrub in your landscape. Properly prune out all dead or damaged branches, remove any crossing or rubbing branches, and finally remove branches that are narrowly attached to tree or shrub trunks. This pruning routine will prevent the dead branches from falling out of the tree during a windstorm and it will help thin out the tree or shrub canopy to allow winds to easily pass through. Never top a tree because, branches that grow from topped trees or shrubs, can easily break off in the next storm. If you are hesitant about tree trimming or you cannot prune a large tree, you can contact a certified arborist at http://www.isa-arbor.com/. Please replace any dead trees with wind resistant native trees as southern magnolia, live oak, bald cypress, dahoon holly, and pigeon plum. For information on proper tree pruning and recommended tree replacements, contact the Palm Beach County Cooperative Extension Service Master Gardener Volunteer hotline at 561-233-1750.

Household Hazardous Waste is never collected curbside. A few examples of household hazardous waste are:

- Used motor oil
- Rechargeable or auto batteries
- Propane tanks
- Fluorescent light bulbs
- Oil based paint
- Pesticides

Household hazardous waste may be dropped at any Solid Waste Authority (SWA) designated Household Hazardous Waste collection site at no charge to Palm Beach County residents. There is no appointment necessary. For locations, hours, and materials accepted, please visit http://swa.org/168/Hazardous-Waste or call 866-792-4636.
