Lighthouse Drive Bridge Repairs

The Lighthouse Drive bridge has been in use for 60 years and is nearing the end of its useful life. A recent bridge inspection report gave the bridge only a 26.2 sufficiency rating and recommends the Village seriously consider a plan for replacing the bridge in 5 to 8 years. Staff thinks this life span can be extended to a degree if the Village undertakes the recommended repairs outlined in previous bridge inspection reports. The Lighthouse Drive bridge is inspected annually by an independent FDOT bridge inspector. The bridge inspection report recommends remedial repairs be performed on key bridge elements to stabilize the bridge structure until such time the bridge can be replaced or abandoned. The Village will be investing \$150,000 in these remedial repairs and expects to commence work in March. The project should be completed within 60 days of commencement. If you have questions or concerns please contact the Director of Public Works, Steven Hallock, at 561.691.3440 or shallock@village-npb.org

Lighthouse Drive Bridge

Anchorage Park Seawall

Anchorage Park Seawall

The Anchorage Park bulkhead wall is in very poor condition and needs repair and replacement. The project will commence in March and consists of constructing, repairing and removing the bulkhead wall areas. The existing north side steel sheet pile bulkhead wall (north of boat ramp) is to be abandoned in-place and the steel cap and upper section of the wall removed. Approx. 260 lineal feet of new concrete bulkhead wall is to be constructed 18" maximum water-ward from the existing wall. In addition, wall returns are to be constructed along the north side of the boat ramp and at the north end of the wall. The nine (9) existing finger piers and two (2) floating docks and gangways north of the boat ramp shall be completely removed, including wood pilings and decking, and properly disposed of offsite.

The grass peninsula area immediately south of the boat ramp is to be removed. The grass area is bounded on 3 sides by existing bulkheads. The south and west bulkheads will be completely removed. The north bulkhead along the south edge of the boat ramp will be partially removed. All sections of the walls removed shall be properly disposed of offsite (including walls, pilings, caps, etc.). The grass area will be excavated and approx. 65 lineal feet of new concrete bulkhead wall will be constructed in-line to form a continuous bulkhead with the existing south bulkhead, thereby extending the bulkhead up to the south side of the boat ramp. In addition, a new wall return will be constructed along the south edge of the boat ramp.

The project is being funded entirely through grant monies with Village matches. The boat ramp shall remain open for use for as much time as possible during construction. The asphalt parking lot immediately to the south will be closed to the public and will be used for a staging area. Any damage to the parking lot shall be repaired as part of this project. The project should be completed within 60 to 90 days of commencement. If you have questions or concerns please contact the Director of Public Works, Steven Hallock, at 561.691.3440 or shallock@village-npb.org.

Former NPB Chief of Police

Bruce F. Sekeres

1941 - 2018

Bruce F. Sekeres, age 76, of Tiger, Georgia, passed away on January 7, 2018.

Police Chief Bruce Sekeres began a career in law enforcement in 1974 when he was hired by the North Palm Beach Department of Public Safety in Florida. He worked his way up the ranks holding the ranks of sergeant, operations lieutenant and captain, served as Interim Fire Chief for four months in 1985 and was promoted to the rank of Chief of Police/Director of Public Safety in 1987 and held that position until he retired in 1998. As Director, Bruce was responsible for Law Enforcement, Fire and Emergency Medical Service for North Palm Beach.

Among his many accomplishments, he became an Emergency Medical Technician in 1976 and attended the fire academy becoming a Florida Certified Firefighter in 1977. In 1988 he attended the 4th Annual Florida Police Chiefs Association/ Florida Department of Law Enforcement Executive Seminar for Chiefs of Police, in 1989 attended the FBI National Academy and in 1993 served as President of the Palm Beach County Chiefs of Police Association. Prior to his retirement in 1998, he was instrumental in the design and construction of a new Public Safety/Police Facility which allowed the Department to move into a stand alone facility rather than sharing the Village Hall with other Village Departments.

He was the son of the late Julius Sekeres and Caroline Poplar Sekeres and was born June 6, 1941. He was Pastmaster of the Chagrin Falls, Ohio Masonic Lodge and member of Rabun Gap Masonic Lodge, where he served as Treasurer for many years. He was a Scottish Rite Freemason and Shriner. Bruce was a volunteer of the Habitat for Humanity Organization, a fire certified E.M.T. and a member of the Retired Law Enforcement Group, in Rabun County. He was a veteran, and served his country as a Submariner in the Navy on the U.S.S. Picuda SS 382. After his naval service, he worked as a machinist with National ACME Corporation.

In addition to his parents, one son, Jeff Bowser, preceded him in death. His survivors include his wife, Donna Sekeres, of Tiger; his son, Todd Bowser (Angela), of Cumming, Georgia; two daughters, Lori Caputo (Craig), of Woodstock, Georgia, Julie Doyle (Craig), of Dawsonville, Georgia; one brother, David J. Sekeres, of Rifle, Colorado; eight grandchildren, Halle McCann, Sarah Hobbs, Jake Bowser, Madeleine Bowser, Jeffrey Doyle, Richard Doyle, Matthew Doyle, Timothy Doyle.

The family asks that in lieu of flowers donations be made in memory of Bruce to the Law Enforcement Assistance Fund P.O. Box 17725 West Palm Beach, Florida 33416 or online at www.leafpbc.org.
