“The Best Place to Live Under the Sun”

## Goodbye Clubhouse, Hello Progress!

*Demolition of 55-year-old clubhouse means construction can begin on a top-quality Country Club to benefit Villagers long into the future*

PROJECT UPDATE—page 9

JULY 2018

## A Message from Village Manager Andy Lukasik

Hello Villagers:

Recently I attended the Palm Beach County City Manager’s Association meeting, where Property Appraiser Dorothy Jacks presented us with the preliminary property valuations for the upcoming fiscal year. The numbers she provides are important to local governments because they are used to plan our budgets for 2019.

According to Ms. Jacks, the taxable value in the Village increased about \$100 million, or 4.5 percent. This means that property values rose an average of 4.5 percent in the past year, which most homeowners consider good news.

For the Village, property valuations are important because 63 percent of the money used to fund Village projects and services comes from property taxes, which are assessed according to property value. As we work through the summer to pinpoint and prioritize Village financial needs, we take into consideration a variety of factors that influence our budget as we prepare a proposal for the Council to finalize in their September meetings.

Many other influences determine what our 2019 budget will be, including various statewide proposals that may affect future property tax rates and Village revenues. But the Village knows our residents expect and deserve top-quality services, which we will continue to provide as we strive to accomplish the Council’s priority goals. Those goals are:

- All neighborhoods as sustainable places to live
- Improved mobility
- Financial sustainability
- Beautification and quality of life
- Organizational excellence
- Strong local economy
- Clean waterways and opportunities for recreation

We want you to feel confident that the progress we are making, which is described in this newsletter, will truly benefit you and your neighbors for years to come. We are headed in the right direction.

Enjoy your summer and remember, our popular July 4th Celebration and Fireworks event is canceled this year while we make our golf course better than ever. We apologize for the inconvenience, but we are happy to be making great progress toward the re-creation of our important community gathering place.

Sincerely,

A handwritten signature in blue ink that reads "Andy Lukasik".

## Support Our Troops Contribution Challenge

Thanks to residents and volunteers, Support Our Troops USA Inc. recently sent its July 4th shipment of care packages, baseball equipment, apple and cherry pies, and soccer equipment to 311 U.S. soldiers in Afghanistan.

With the holiday shipments still to come, the organization is in need of additional funds for items and postage. An anonymous donor will match up

to \$1,000 for cash donations received by Support Our Troops USA Inc. until September 1, so every dollar you contribute goes twice as far. No amount is too small and all are tax deductible.

Send checks to Support Our Troops USA, Inc., P.O. Box 14211, North Palm Beach, FL 33408, or bring your donation to the Clerk's office at Village Hall, 501 U.S. Highway 1.

# We're Getting Even!

The Public Works Department made significant progress recently on sidewalk safety, with crews leveling off 1,557 high spots and uneven trip hazards.

The department is working with a \$150,000 budget this year to eliminate potential trip hazards that were identified by workers who personally inspected every sidewalk in the Village, creating a list of spots that don't meet standards.

Most of the work has been done by saw cutting high spots, however, in some areas, large chunks of sidewalk need to be broken up and removed entirely so workers can dig down and remove tree roots, which often are the cause for sidewalks becoming uneven. In those spots, new concrete will be poured.

Sidewalk Solutions Inc. from Broward County did the leveling work, and the removal and repair projects will begin once a contractor for that work has been selected.

Please drive carefully when using driveways in work areas and be aware that with machinery running, the workers may not be able to hear your vehicle.

## Are your trees hanging over the road?

The beautiful trees that line many streets in North Palm Beach are a great asset to the Village, but sometimes they create problems.

Residents who have trees that extend over the roadway are asked to trim them to at least 15 feet above the pavement so Village fire and sanitation trucks can pass safely.

Even small, low-hanging branches can damage vehicles or create safety hazards.

Also, it's important to trim dead or damaged branches and any that cross or rub against each other. This allows winds to pass through more easily in a storm and helps prevent branches from falling into the road.

Cooperation will help protect Village fire and sanitation trucks and is greatly appreciated.

Call (561) 691-3440 if you have any questions or comments about the requirement.

## Repaving program begins on several Village streets

The Village recently repaved several streets, including Oyster Road, Riverside Road, the west end of Camelot Motor Lodge alley, the south section of Atlantic Road, Lakeside Drive and part of Lighthouse Drive.

The Village hired M&M Asphalt Maintenance company and budgeted \$400,000 for the project this year. To determine which streets to prioritize, the Public Works Department used specialized software that evaluates

street conditions. Additional repaving will continue on a 5-year plan as funding becomes available.

# New seawall going in at Anchorage Park

Crews have been working on the seawall and marina at Anchorage Park. In the process, 69 pilings are being hammered into the canal bed to stabilize a new wall, and about 250 feet of floating dock access will be installed on the north side of the boat ramp. The north side upgrades will include 16 new 9-foot boat slips for lease and two short-term docks, a 12-foot by 12-foot pavilion and a 10-foot wide access path parallel to the water. Additional improvements south of the ramp are planned and will begin as funding becomes available. Work on the north side will be complete in the fall.

## Anchorage Park Upgrades

- Two 12 x 12 pavilions
- 16 boat slips for lease
- 250-foot floating dock
- 3 Day docks (short visits)
- 2 Kayak launch slips
- 2 ADA access ramps
- 370-foot trail system (10-foot width)
- 2 observation/fishing decks

## Austinblu Foundation sponsoring Coast Guard safe boating course

The United States Coast Guard Auxiliary, Flotilla 52, is offering a 1-day boating safety course in July and August:

- Saturday, July 14
- Saturday, August 11

Those who successfully complete the course and a quiz will be issued a Florida Safe-boating card.

The cost for the course will be paid

by the Austinblu Foundation, however a \$10 fee is required before beginning the course.

The fee will be refunded upon successful completion.

The class will be held at the Loxahatchee River Center, 805 U.S. Highway 1, Jupiter.

Call (561) 744-8135, email to [flotilla0502@gmail.com](mailto:flotilla0502@gmail.com), or visit [www.tiny.cc/boatsafe](http://www.tiny.cc/boatsafe) for details.

The Village Fire Department has received several acknowledgments recently for the good work they are doing. Firemedic Amanda Apfel was recognized by the Rotary Club of the Northern Palm Beaches for being the Village Fire Department Employee of the Year, and the department's A Shift crew was recognized by EMS Providers of Palm Beach County with an Exceptional Service Award for actions taken at a medical call.

The A Shift crew members are Lt. Anthony Giarrusso, Driver Engineer Frank Winewski, Firemedic Joseph Militello, Firemedic Fred Vaccaro, Firemedic Erik Jensen and Firemedic Stephen Talpesh.

Also, Fire Department Medical Director, Scott McFarland, MD, received the Linda Schuette Lifetime Achievement Award in recognition of his 30 plus years of dedicated service to the EMS community in Palm Beach County.

**FIRE**  
**DEPARTMENT**

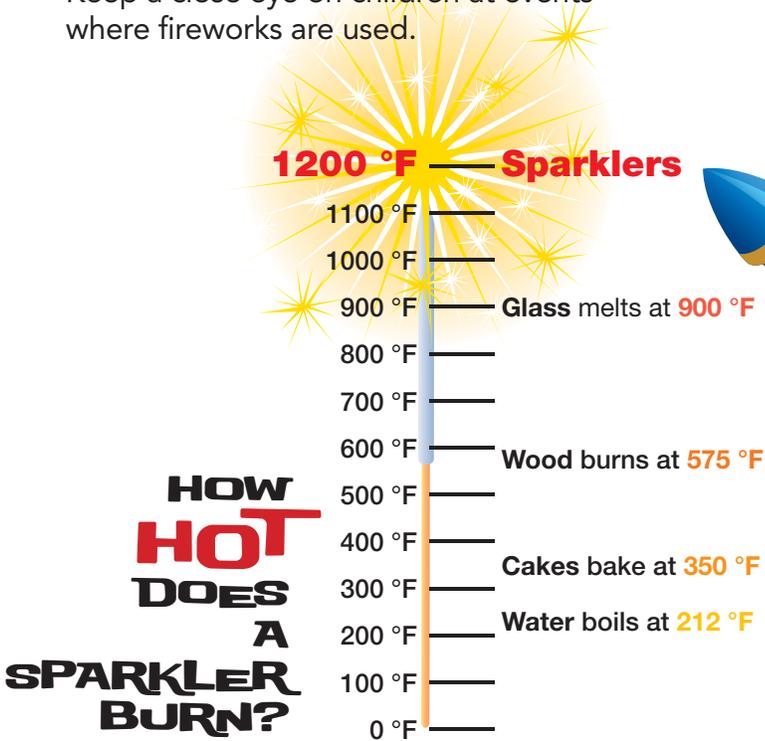

Fireworks are often used to mark special events and holidays. However, they are not safe in the hands of consumers. Fireworks cause thousands of burns and eye injuries each year. People can enjoy fireworks safely if they follow a few simple safety tips:

**BE CAREFUL!**

- Be safe. If you want to see fireworks, go to a public show put on by experts.
- Do not use consumer fireworks.
- Keep a close eye on children at events where fireworks are used.

**CONSUMER FIREWORKS**

**NFPA is opposed to consumer use of fireworks.** This includes sparklers and firecrackers. Even sparklers burn hot enough to cause third-degree burns.

**FACTS**

- ! Fireworks cause an average of almost 18,500 reported fires per year.
- ! Sparklers account for roughly one-quarter of emergency room fireworks injuries.

# Firefighter Jake Stone promoted to Lieutenant

Congratulations to Lieutenant Jake Stone, who was promoted last month after serving the Village as a Firefighter/Paramedic since 2004.

Chief JD Armstrong said Lt. Stone earned the promotion after two days of tough written and practical testing, achieving the top score in each category.

Lt. Stone grew up in Palm Beach County and says he enjoys meeting new people on the job, getting to know them and helping out anyway he can.

He has served the Village training new firefighters, is a certified driver, and feels he is ready for the lieutenant's position because he has experience in just about every job and procedure in the department.

He said he understands what needs to be done, so he's ready to oversee "B" shift by taking on responsibility for

day-to-day operations and paperwork, and he appreciates all the support he's gotten from his fellow firefighters as well as friends and family.

"With Jake's years of service, his knowledge of the area, and the training and skills he brings to the job, we look forward to a great future for him and for the Village Fire Department," said Fire Chief JD Armstrong.

## Is your house number easy to see at night?

In the event of an emergency, why not make it easier for emergency responders to locate your home?

The Village Code of Ordinances requires every residence and business to have its address number posted prominently on the building so that police officers, firefighters and other emergency responders can quickly locate the building in an emergency.

Section 5-3 says "Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of three (3) inches high with a minimum

stroke width of one (1) inch."

It's important for every property owner, resident, renter or business in the Village to ensure their house or business address number is easy to find.

Dark and rainy conditions make locating emergencies even more difficult, and needless delay adds risk for both the victims and the first responders.

Compliance with this important safety code will eliminate the need for code compliance officers to write violation notices and will be greatly appreciated by those who work to protect the Village day and night.

# Country Club project moving swiftly

## *Driving range, Tennis Center remain open, pool re-opens late July*

The North Palm Beach Country Club, including the Jack Nicklaus Signature 18-hole golf course, is closed for a major renovation.

The 55-year-old clubhouse has been demolished in preparation for construction of a new 37,000 square-foot clubhouse and restaurant that will open in late summer of 2019.

On the golf course, workers are tearing out old grass and planting new sod. The course will re-open in December this year after the new grass has successfully taken root. In the meantime, the driving range remains open to the public.

The Village pool is closed until the demolition and removal work is done, but it will open again in late July in time for many summer activities.

The Tennis Center at the Country Club also remains open to the public. If brief closures to the tennis courts or driving range are needed during construction, notices will be posted on the Village Facebook and

Twitter pages at @VillageNPB, and on the Village website at [www.village-npb.org](http://www.village-npb.org).

The pool, driving range and golf shop will be managed from temporary structures until the new clubhouse opens next year.

The clubhouse and pool were built for \$400,000 and opened in 1963. In recent years, escalating costs of maintenance and repairs prompted the Village Council to invest in construction of a new clubhouse, which will include a community room/banquet facility, restaurant, pro shop, locker rooms and storage for Village golf carts.

It will cost about \$18 million.

The Village appreciates the patience and support of residents during this inconvenient renovation phase, but a fantastic new restaurant and Country Club will open next year that will be a great asset and source of community pride and continued Village social life when complete.

# Residential garbage, recycling and vegetation pickup

The Village provides trash collection services three days a week for household garbage, two days a week for vegetation, and once a week for recyclables.

Residents must provide their own trash cans and place them outside for “side door service.” Bulk items, vegetation, and recycling should be placed by the curb. Everything should be ready for pick up by 7 a.m. each day, according to type of items to be picked up.

Vegetation, trash or bulk items that come from any business or are generated by a hired contractor, such as a landscaper or home remodeler, must be hauled away from the property by the contractor.

For more information about trash pickup services, call (561) 691-3440.

## Collection Schedule

- Monday - Garbage, Trash, and Bulk Items
- Tuesday - Vegetation
- Wednesday - Garbage, Trash, and Bulk Items
- Thursday - Vegetation and Recycling
- Friday - Garbage, Trash, and Bulk Items

# Are you prepared for hurricane season?

As a South Florida resident, you probably have some experience dealing with hurricanes and tropical storms. Or maybe you are new to the area and have no idea how to prepare for storm season. Either way, it's a good idea to review old plans and inventory your hurricane supplies, or to make a plan now in case a tropical storm or hurricane approaches.

To help you prepare, local, state and federal agencies provide informational resources. The Village has a web page linking to these agencies and resources, and it is recommended that you get familiar with it now, while there are no immediate threats of a storm. You can visit the web page at [www.preparethevillage.org](http://www.preparethevillage.org).

The various agencies linked there each have specific functions and responsibilities, but generally, you'll find hurricane preparedness guidelines related to three categories:

- Before a storm
- During a storm
- After a storm

Get familiar with the resources on the page now, rather than during

the stressful conditions created by an approaching storm. The more you understand about how to prepare for and recover from a storm, the more confident you will feel if there is an actual event.

At this point in July, with no

immediate threat of a hurricane or tropical storm, residents should make sure they are well-stocked with supplies such as batteries, food and bottled water. Trees should be trimmed now and hurricane shutters should be inspected for usability.

Also, families should review shelter plans, evacuation plans and

personal communication plans to make sure everyone knows what to do and how to contact each other if power is lost.

And it's a good time to review homeowner insurance policies to make sure you understand

whether your policy covers wind, water and flooding damage.

In addition to the Village website, you also will find important hurricane updates on the Village Facebook and Twitter pages at @VillageNPB.

Staying informed and being prepared are your best tools to be ready for the season.

## *Village annual July 4th celebration and fireworks canceled*

The Annual July 4th Celebration and Fireworks event is canceled this year because new grass on the Country Club golf course needs time to take root. Fortunately there will be fireworks and celebrations in nearby communities:

- Mega Bash at Roger Dean Stadium (Jupiter) — July 3rd & July 4th, approximately 9 p.m. (after Palm Beach Cardinals baseball game).
- 4th on Flagler (West Palm Beach) — On the waterfront in downtown WPB, 5 to 10 p.m.
- Ignite the Night (Greenacres) — Wednesday, July 4 from 5:30 to 10 p.m. at Samuel J. Ferreri Community Park, 2905 Jog Road

- Red, White & Blue Sunset Celebration (Lake Park) — Friday, June 29 from 6 to 9 p.m. at Lake Park Marina
- The Village recognizes the popularity of our

annual event, however the investment in the golf course and clubhouse will ensure many more years of fun family activities at the Village's most important landmark.

# Lew's Last Pour (for now)

Have you met Lew Piccioli? Well, the closing of the Village Country Club could not become official until Lew poured the ceremonious last drink at the bar. That was Monday, April 30, 2018, and it was a momentous occasion.

Important moments in bar history don't usually happen on a Monday morning, but this day was different because it was Lew himself who poured the first drink at the clubhouse 55 years ago on opening day.

Lew has been around a long time and has served a lot of drinks. If you don't know him already, just wait 'til the new clubhouse opens next year...

# Men's Tennis Team rules Senior League

Congratulations to the North Palm Beach Country Club Men's Tennis Team on winning 1st Place in the Palm Beach County Senior Tennis League!

There are about 350 men's and women's teams in the league, and the Village is proud to take home the first place trophy.

The Village Council recognized the accomplishment at a recent Thursday night meeting. Pictured are team member Frank Fetto, Mayor David Norris and George Strasdass, also a team member.

# A Place For Kids

The Children's Department at the North Palm Beach Public Library opened recently with lots of excited kids gathering for popcorn, balloons, a ribbon cutting, and of course, plenty of great books and fun learning opportunities.

Earl Stewart Toyota provided an old-fashioned popcorn machine, and many volunteers were there to make sure the event was a success.

Library staff have been working hard to make sure kids want to come back often, and plenty have been coming in every day to benefit from the many resources provided.

"The new children's department is amazing," said Lisa Joslyn, whose mother, Nancy Moore, rose from volunteer to Library Director over a 42-year-career. "My mom would have loved everything you've done."

The Village Council named the library in Moore's honor in 2006. Now, the children's summer reading program takes place every Tuesday at 2 p.m.

## Chamber of Commerce leaders visit Village Hall

The 2018 Prosperity Leadership Program of the Palm Beach North Chamber of Commerce spent a morning recently at Village Hall as part of their effort to build relationships with North County governments.

Village Manager Andy Lukasik gave them a brief overview of the Village structure, key issues and budget numbers while talking about the future of North Palm Beach.

Members of the Leadership Program include professionals from a variety of businesses in North County.

For more information about the Chamber, call (561) 746-7111.

The inaugural class of the Palm Beach North Chamber of Commerce Prosperity Leadership program visited Village Hall to hear directly from Village Manager Andy Lukasik about Village projects and finances.

# Never leave a child alone in a car.

Remember to **A C T**

## **A** Avoid Heatstroke

Avoid heatstroke-related injury and death by never leaving a child alone in a car, not even for a minute. And make sure to keep your car locked when you're not inside so kids don't get in on their own.

## **C** Create Reminders

Keep a stuffed animal or other memento in your child's car seat when it's empty, and move it to the front seat as a visual reminder when your child is in the back seat. Or place and secure your phone, briefcase or purse in the backseat when traveling with your child.

## **T** Take Action

If you see a child alone in a car, call 911. Emergency personnel want you to call. They are trained to respond to these situations.

## Pool Safety Checklist

### TIPS FOR PARENTS

- ❑ **Watch kids when they are in or around water, without being distracted.** Keep young children within arm's reach of an adult. Make sure older children swim with a partner every time.
- ❑ **Teach children how to swim.** Every child is different, so enroll children in swim lessons when they are ready. Consider their age, development and how often they are around water.
- ❑ **Make sure kids know how to swim and learn these five water survival skills:**
  1. Step or jump into water over their head and return to the surface.
  2. Float or tread water for one minute.
  3. Turn around in a full circle and find an exit.
  4. Swim 25 yards to exit the water.
  5. Exit the water. If in a pool, be able to exit without using the ladder.
- ❑ **Install fences around home pools.** A pool fence should surround all sides of the pool and be at least four feet tall with self-closing and self-latching gates.
- ❑ **Empty kids' pools after each use.** Store them upside down so they do not collect water.
- ❑ **Know what to do in an emergency.** Learning CPR and basic water rescue skills may help you save a child's life.
