An aerial photograph of a residential canal in North Palm Beach, Florida. The canal runs vertically through the center of the frame, flanked by lush green lawns, palm trees, and modern houses. Several boats are docked along the canal. In the background, a bridge crosses the canal, and the city skyline is visible under a bright blue sky with scattered white clouds.

AUGUST 2018

OPEN HOUSE

VILLAGE OF NORTH PALM BEACH

CODE UPDATE

Review the Details of the Draft Code
SEPTEMBER 7, 2018 | 6 PM

North Palm Beach
Community Center
1200 Prosperity Farms Road

What is a Code Update?

The Village of North Palm Beach adopted the *Citizen's Village Master Plan* in 2016. One of the key recommendations from the plan is to create a Code Update to update the development rules to:

- Create a “sense of place”
- Revitalize the U.S. Highway 1 corridor
- Ensure private redevelopment complements public investments and contributes to realizing the vision
- Enhance financial sustainability of the community
- Respond to market forces
- Establish predictability in the built environment and the approval process
- Maximize the use of buildings, property, and the waterfront
- Provide incentives for desired patterns and forms of development

Visit villagecodeupdate.org for updates!

VILLAGE COUNCIL OF NORTH PALM BEACH

Deborah Searcy
Councilmember

Mark Mullinix
Vice Mayor

David B. Norris
Mayor

Susan Bickel
President Pro Tem

Darryl C. Aubrey
Councilmember

The Village of North Palm Beach is governed by the Council-Manager form of government. The Village Manager is appointed by the Council and is responsible for the administration of all Village affairs. Council members may be contacted through the office of the Village Clerk at (561) 841-3355, council@village-npb.org. Regular meetings are held the second and fourth Thursday of the month at 7:30 p.m. and are open to the public.

Boards/Committees Meeting Schedule

Audit Committee	On call as needed
Code Enforcement Special Magistrate Hearing ...	1st Monday, monthly, 5:30 p.m.
Construction Board of Adjustment	On call as needed
Golf Advisory Board	3rd Monday, monthly, 6 p.m.
Infrastructure Surtax Oversight Committee	On call as needed
Library Advisory Board	4th Tuesday, monthly, 7 p.m.
Pension Board - General Employees	On call as needed
Pension Board - Police & Fire	On call as needed
Planning Commission	1st Tuesday, monthly, 6:30 p.m.
Recreation Advisory Board	2nd Tuesday, monthly, 7 p.m.
Waterways Board	On call as needed, 5:30 p.m.
Zoning Board of Adjustment	On call as needed

Council Budget Workshops

- Wednesday, Aug. 8 at 7 p.m.
- Tuesday, Aug. 14 at 7 p.m.
- Monday, Aug. 20 at 7 p.m.
- Thursday, August 30 at 7 p.m.

Council Regular Meetings

- Thursday, Aug. 9 at 7:30 p.m.
- Thursday, Aug. 23 at 7:30 p.m.

Council Meeting Location

Village Hall Council Chambers
501 U.S. Highway One
North Palm Beach, FL 33408

Village Council Budget Workshops

The Village annual budget is a financial document that accounts for public money coming in and being spent during the fiscal year, which begins Oct. 1 and ends Sept. 30. It shows how money will be allocated for police and fire rescue, sanitation, street maintenance, parks and recreation, the Village library and more.

Each summer, a proposed annual budget is developed that follows Village Council goals to meet the needs of Village residents. The public's desired level of services is considered, as well as staffing levels needed, technology needs, equipment and capital improvements.

TRIM notices

The Village's budget process complies with Florida's Truth in Millage law, called TRIM. TRIM requires disclosure to the public of the rates and amount of taxes that will be assessed in the upcoming year.

Every Village department works throughout the summer to establish the proposed budget. This proposal shows all the sources of income the Village receives, and the expenses expected in the next year.

Then the Council sets a tentative maximum millage rate and sends that information the County Property Appraiser, who in turn notifies property owners of the

proposed rate and the dates of the hearings at which it will be accepted, rejected or lowered. This way, citizens have time to calculate how property tax rates will affect them, and they can publicly share their thoughts at two September budget hearings.

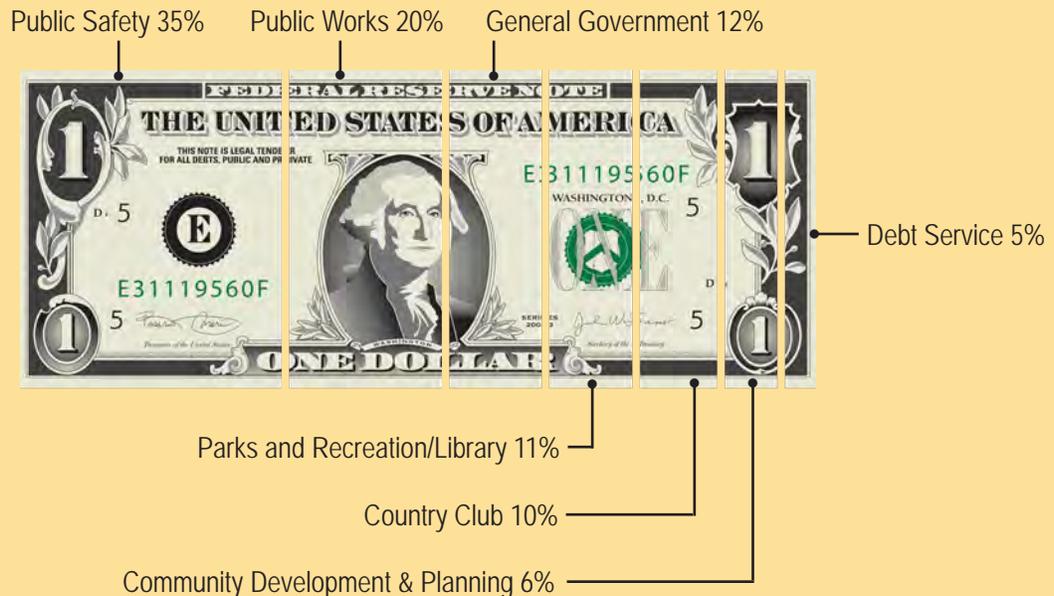

During budget workshop meetings, Council members review Village finances and makes changes to ensure high quality services are provided at a reasonable and appropriate millage rate. The proposed budget is then revised to incorporate these changes and the millage rate is adjusted accordingly.

Once the tentative millage rate is adopted, it can be lowered before the final budget hearing but can't be increased (without an additional notice to each taxpayer).

In addition to the Village proposed millage rate, the TRIM notices sent to residents by the Property Appraiser also include the proposed rates for every local governmental agency that charges a property tax. In fact, two-thirds of the total property taxes typically paid by Village property owners go to other government entities, such as the School District and Palm Beach County.

Budget workshop meetings are open to the public. The dates for the next budget hearings are September 13th and 27th, both at 7:30 p.m. in Village Hall.

How Village Dollars Are Being Spent This Year

Budget discussion schedule

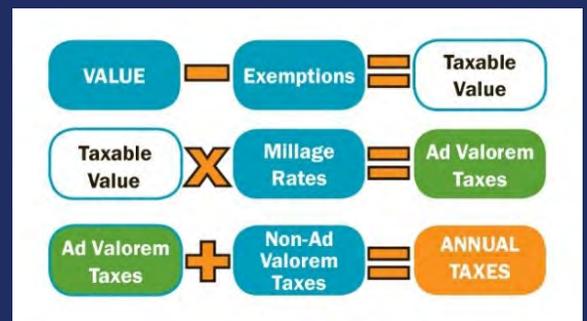

The Village Council will discuss the proposed budget for next year during its budget workshops. Meetings are open to the public and residents are invited to attend. All meetings are held at Village Hall, 501 U.S. Highway 1. The workshops are held in the conference room, and public hearings are held in the Council Chambers. The schedule is subject to change, so check the Village website calendar or call (561) 841-3355 for more information.

Day	Date	Time	Subject
Wednesday	Aug. 8	7 p.m.	Council / Clerk / Attorney / Manager / HR / Finance / IT / Debt & Other
Tuesday	Aug. 14	7 p.m.	Public Works
Monday	Aug. 20	7 p.m.	Police / Fire Rescue / Community Development
Thursday	Aug. 30	7 p.m.	Budget Recap and Millage Discussion
Thursday	Sept. 13	7:30 p.m.	1st Budget Public Hearing; adoption of tentative budget and proposed millage
Thursday	Sept. 27	7:30 p.m.	2nd, final budget public hearing; adoption of budget and millage rate

Property Appraiser sending Truth in Millage notices soon

This month, the Property Appraiser mails “Truth in Millage” (TRIM) Notice of Proposed Property Taxes to property owners. This is not a bill. These notices provide information on any proposed changes in the millage rate (tax rate) of each taxing authority and lists your property’s market and assessed value. They also list exemptions applied to your property. Many factors influence the amount you pay in property taxes. The graphic below illustrates how these factors are added together to determine your annual property taxes.

If you don’t agree with the assessed value of your property, you can file a petition for adjustment with the Value Adjustment Board. The deadline to file is Sept. 14. For more information on petitions, hearing dates, rescheduling, the appeal process or final decisions, call (561) 355-6289 or visit www.mypalmbeachclerk.com/vab.

Update Your Address

Now is the time to verify your address and report any errors or updates to the Property Appraiser Office at (561) 355-2866. They use the information on file to mail your 2018 property tax bill in November. If you do not receive a tax bill, search their payment center for your records. It is the responsibility of each taxpayer to ensure property taxes are paid, regardless if a tax notice is received or not.

PGA Service Center is Closed

The DMV office at 3185 PGA Boulevard in Palm Beach Gardens is closed to make way for a new facility. Only the road test course remains in use. Please visit 3188 PGA Boulevard in the Northeast County Courthouse complex until the new facility opens in late 2019.

Are you doing your part to protect Village waterways?

Stormwater runoff comes from rain that falls onto roads, sidewalks, rooftops and saturated ground. As it flows over land into canals and streams, it picks up debris, chemicals and other pollutants, then carries them into lakes, ponds, rivers and important waterways. Much of it often is discharged untreated into bodies of water used for swimming, fishing, and to provide drinking water.

Polluted stormwater runoff can have adverse effects on plants, fish, animals and people. Sediment can cloud the water and make it difficult or impossible for aquatic plants to grow, destroying habitats and harming organisms.

Excess nutrients can cause algae blooms. When the algae

dies, the decomposition process removes oxygen from the water, and fish and other aquatic organisms can't survive in water with depleted oxygen. Bacteria and other pathogens

can wash into swimming areas and create health hazards, often making beach closures necessary. Most of the unwanted pollutants that end up local waters come from litter, road debris and grass clippings, animal waste and spills.

Take time to educate others about the negative impact of dumping into a stormwater system. Call to report dumping and discharges into stormwater

systems or waterways so proper cleanup efforts can begin promptly if necessary.

For more information, visit www.stormwaterandme.org.

Tips for your household

Lawn Care:

- Use pesticides and fertilizers sparingly, only in the recommended amounts.
- Use organic mulch or safer pest control methods.
- Compost or mulch yard waste. Don't leave it in the street or sweep it into storm drains or waterways.
- Don't water your lawn too much. Consider using a soaker hose instead of a sprinkler.
- Cover stored dirt & mulch piles.

House Care and Maintenance:

- Purchase biodegradable, non-toxic products.
- Use, store & dispose of products as directed on the container.
- Sweep up and properly dispose of construction debris.
- Visit SWA Household Hazardous Waste Program website for information on disposing of hazardous waste items.

Vehicle Care:

- Use a commercial car wash or wash your car on a lawn or other unpaved surface.
- Check your vehicle regularly for leaks and/or spills.
- Repair leaks as soon as possible to prevent future spills.

Pet Care:

- Always pick up after your pet — even in your own yard.

Be a Good Neighbor:

- Beware of anything being dumped into storm drains or water bodies and educate your neighbors.

Common illegal discharges include:

- Automotive fluids
- Construction debris
- Disinfectants
- Detergents
- Dirt and gravel
- Fertilizers
- Insecticides/pesticides
- Grease
- Oil
- Oil filters
- Paint
- Pet waste
- Solvents/degreasers
- Trash
- Yard waste (leaves, grass, mulch)

Excess Fertilizer = Pollution

Fertilizers make things grow! And that's a good thing if it's your yard. But when excess fertilizer is picked up by rainfall runoff, it is carried to our waterways, where it can cause many water quality problems (like algal blooms)!

But YOU can help!

- If your community has a fertilizer application ordinance, get a copy and understand the rules.
- Always sweep up fertilizer that has accidentally been applied to hard surfaces.
- Don't apply fertilizer when heavy rainfall is forecast (2" or more).
- Keep a 10-foot wide buffer zone that is fertilizer free next to waterbodies.
- Save yourself time and money by converting your landscaping to native South Florida plants that don't require fertilization.

Know Your Code

Landscaping code intended to preserve property values

Sec. 15-2. Exterior property areas

The entire yard where exposed to public view must be landscaped. Play areas, flowerbeds, driveways, walks, etc., not intended to have vegetative cover should be clearly defined and maintained free of uncultivated growth.

Landscaping shall be maintained so as to present a healthy, neat and orderly appearance at least equal to the original installation and shall be mowed or trimmed in a manner and at a frequency so as not to detract from the appearance of the general area. Any grass and brush growing in excess of twelve (12) inches in height, dead trees, trash, and garbage shall be removed from the premises. Landscaping shall be maintained to minimize property damage and public hazards, including the removal of low hanging branches over sidewalks and paved areas and those obstructing street lighting and traffic control signs.

All undeveloped properties must have grass or other suitable live landscape materials planted over the entire site. While undeveloped properties may be irrigated utilizing an irrigation system, electrical service to such properties shall be prohibited. Formerly developed vacant

lots with a planting plan approved pursuant to section 45-36 of the village code shall adhere to the requirements of that plan. All undeveloped properties and vacant lots shall undergo regular maintenance, including, but not limited to, pruning, edging, mulching, or any other necessary actions consistent with generally accepted horticultural practices. Landscaping shall be kept free of visible signs of insects and disease and appropriately irrigated and fertilized to enable landscaping to be in a healthy condition. All roadways, curbs and sidewalks shall be edged to prevent encroachment from the adjacent turf areas.

With clubhouse gone, Council focuses on design of new building

As the Village Country Club project moves forward, the focus of work at Village Hall has turned from the details of demolition to the visual “wow factor” and the functionality of the new clubhouse.

At a July meeting, the Council set the guaranteed maximum price for construction of the new Country Club at \$14,375,114. The agreement is with The Weitz Company, which is the firm that will build the clubhouse. Demolition costs had already been set and were not factored into the construction GMP.

With the fixed cost in mind, staff and the Weitz team now have a guideline on what materials and design features can be considered. For example, the Council discussed the importance of high-quality flooring in the restaurant, asking staff and a

Weitz Company representative to gather additional information before committing to a specific look and material. Council agreed that high-quality, durable flooring will be needed to establish the desired ambiance of the dining area.

Other discussion focused on the use of the banquet area for several events at once and on the type of walls, soundproofing and architectural features that would be needed to properly facilitate such activity.

The Council asked the Weitz representative to suggest some design variations and to report back a future meeting.

Though there is a general design plan established, the specifics of various features will continue to be discussed as the project moves forward.

Public Works Department has new safety bins for needles and sharps

Residents can safely drop off items to prevent accidental pokes

For the safety of the public and Village sanitation employees, residents can now dispose of needles at the Public Works compound at 645 Prosperity Farms Road.

There are two designated boxes there: A red plastic one to accept sharps directly, while the other, made of cardboard, can accept sharps containers.

The only assistance provided by Public Works staff will be directions on where to deposit the sharps. For safety reasons, staff will not assist with placing the items in the bins.

Also, sanitation staff will not pick up sharps containers to be deposited or accept any types of sharps for disposal while on their daily residential pick ups.

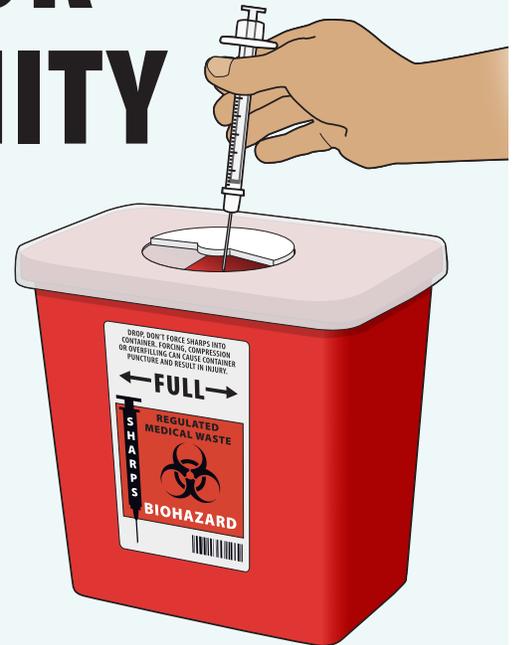

To dispose of needles and other sharps, residents are asked to place them (used or unused) directly into the bins at Public Works.

The facility is open weekdays from 7:30 a.m. until 4 p.m. For more information about needle disposal, contact the Public Works Department at (561) 691-3440.

KEEP YOUR COMMUNITY SAFE

USE A SHARPS CONTAINER

**DO NOT
throw loose
sharps in trash**

**DO NOT
put sharps
in recycling**

**DO NOT
flush sharps
down toilet**

**KEEP OUT
of reach
of children**

FDA For information about rules and laws in your community, contact the Coalition for Safe Community Needle Disposal at 800.643.1643. For more information on sharps visit fda.gov/safesharpsdisposal.

Kwikpoint®
703.370.5527 • kwikpoint.com

Used sharps are hazardous waste. When not discarded properly they can cut and infect others. Protect your community by always discarding your used sharps in a sharps disposal container. Free sharps containers may be available through your doctor, hospital, health insurance or medication supplier. You can also buy one from your pharmacist or online.

Find new hobbies at NPB Village Library

Adults

Knit & Crochet

Mondays at 11 a.m.
Bring a project and knit or crochet with others in a friendly library setting. Basic knitting and crochet skills are recommended. (3 hours)

The Lighthouse Camera Club

Tuesday, August 14 at 6:30 p.m.
Friendly group of photo enthusiasts. Skill levels ranging from beginners to advanced amateurs, to professionals. (2 hours)

TreeSearchers Genealogy

Contact Sue, (561) 841-3383
Genealogy Databases at the Library! Ancestry, World Vital Records and Heritage Quest.

Great Courses Filmed Lecture Series

Wednesdays at 12 p.m.
The Guide to Essential Italy

Rock Painting

Thursday, August 9 at 11 a.m.
With Kelly NPB Rocks. (2 hours)

Camera Club Learning Program

August- Photo Management - AKA Digital Asset Management (DAM), Establishing a basic Folder and file structure, Cataloging Software ON 1 and Lightroom. Backing up images- On site Off Site options.

Hearing Loss Support Group

Thursday, August 23 at 11 a.m.
Hearing Loss Association of America, NPB Chapter. A Support Group for the Hearing Impaired (2 hours)

Adult Craft

Thursday, August 30, at 11 a.m.
Seashells are turned into sea creatures and animals. Preregister at Circulation Desk

VILLAGE LIBRARY (561) 841-3383

Monday-Thursday 9 a.m. to 7p.m.
Friday-Saturday 9 a.m. to 5 p.m.
Sunday 1 p.m. to 5 p.m.

The Sand Dollar Quilters Group

Fridays at 10 a.m.
This award-winning group of dedicated quilters has been meeting and quilting in the library on individual and group projects for several years. New members welcome. Basic sewing skills are recommended, as this is not intended as a quilting class. (4 hours).

Teens

Teen Programs

Tuesdays, Wednesdays & Thursdays at 9 a.m.
Gaming, computers, crafts, games and more.

Teen Volunteers

Tuesdays, Wednesdays & Thursdays at 1:30 p.m.
Volunteer forms at the children's desk.

Children

Little Listeners Story Time

Tuesdays at 9:30 a.m.
Age: 17 months to 3 years.
A fun way to introduce early literacy skills. Activities emphasize body awareness, rhythm, and gross motor skills as they dance and jump to the music. They will develop listening skills and letter recognition through interactive stories, flannel boards and rhymes. The program will end with learning centers to help toddlers with cooperative play and fine motor skills.

Rising Readers Story Time

Tuesdays at 10:30 a.m.

Age: 3 to 5 years

For preschool children to practice literacy skills and improve letter recognition in an enjoyable and interactive way. This program is filled with songs, rhymes, and flannel boards to teach preschoolers listening skills, interpersonal skills, and phonological awareness (the ability to hear and identify the little sounds that make up words). At the program's end, preschoolers will engage in learning centers designed to promote fine motor and writing skills.

Baby Time for the Young and Restless

Tuesdays at 11:30 a.m.

Age: Birth to 17 months

No child is too young to develop early literacy skills and have a great time at the library! Join us for a fun, interactive experience filled with stories, rhymes, and music. Children learn joint attention skills as we read and sing together. At the end, your baby can show off gross motor movements as they engage in sensory and exploratory play with other babies.

Story Time

Wednesdays at 10:30 a.m.

Age: 2 to 5 years

Join us for a fun, interactive experience filled with stories, rhymes, and music.

Game Day

Wednesday, August 15, 22 & 29 from 2 to 3:30 p.m.
Video games, board games, computer games. Age 5+

Science Exploration

Tuesday, August 28, from 2:30 p.m. to 3:30 p.m.
Use microscopes and conduct experiments like real scientists! Age 5+

Arts and Crafts

Tuesday, August 21 from 2:30 p.m. to 3:30 p.m.
Causal drop-in crafts.

Library Extras

Download/Streaming eBooks and audiobooks easy to use, no late fees, available 24/7.

Vacation Checkout

Ask for the Vacation Checkout and receive two extra weeks on all 28-day books and audiobooks.

There's an app for that!

Checking due dates, putting items on hold and renewing items. Find it at the App Store, BookMyne.

Rosetta Stone Language Software

30 languages to choose from. Each lesson contains a reading, writing, listening, and speaking portion. Free to all NPB Library cardholders. No software to download. All you need is an Internet connection, computer, tablet, or smartphone to begin learning.

Friends of the Library

Friends of the Library membership dues provide funds to the Library for additional programs including the very popular children's summer programs and services that are not otherwise paid for by the Library budget. Benefits of membership include a special Library Card, members only exclusive pre-book sale event and email updates and reminders.

Call (561) 841-3383 for more information.

Take your genealogy research to the next level with MyHeritage

Looking to start a family tree project or fill in missing information in an existing tree? MyHeritage Library Edition, former World Vital Records, is available to all our patrons. It is one of the largest, most internationally diverse genealogy databases of its kind in the world. It includes billions of historical documents from over 48 countries, millions of historical photos, public records, indexes and additional resources.

Anchorage Park Update

Anchorage Park is beginning to look a little different this summer as construction of the new seawall continues, and dirt is being moved from the small peninsula next to the boat ramp into the "Bowl," which is the low area to the south of the volleyball courts and playground. The dirt will be used to raise and level the Bowl's grass area, which is a popular spot for picnics and soccer.

Residential garbage, recycling and vegetation pickup

The Village provides trash collection services three days a week for household garbage, two days a week for vegetation, and once a week for recyclables.

Residents must provide their own trash cans and place them outside for "side door service." Bulk items, vegetation, and recycling should be placed by the curb. Everything should be ready for pick up by 7 a.m. each day, according to type of items to be picked up.

Vegetation, trash or bulk items that come from any business or are generated by a hired contractor, such as a landscaper or home remodeler, must be hauled away from the property by the contractor.

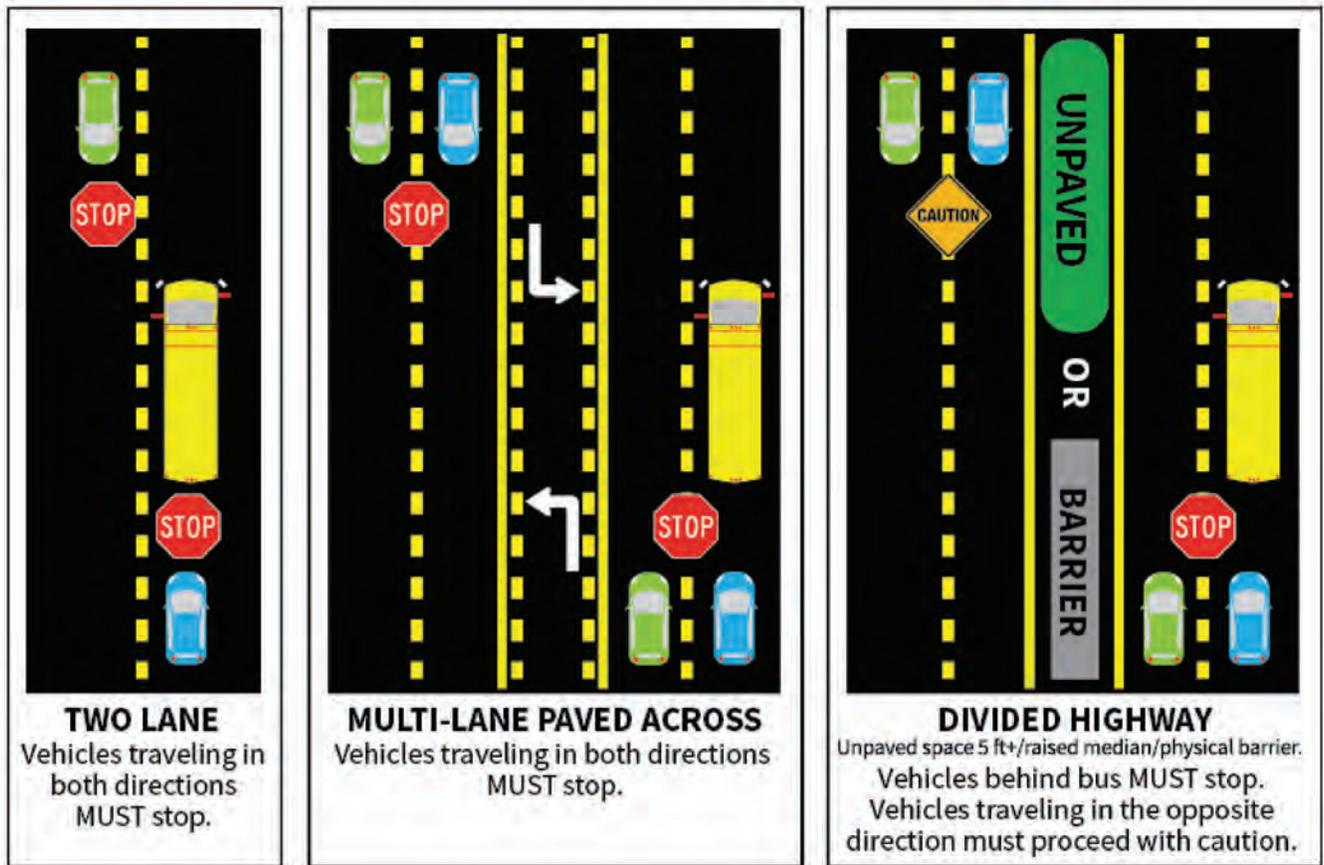

For more information about trash pickup services, call (561) 691-3440.

Collection Schedule

- Monday - Garbage, Trash, and Bulk Items
- Tuesday - Vegetation
- Wednesday - Garbage, Trash, and Bulk Items
- Thursday - Vegetation and Recycling
- Friday - Garbage, Trash, and Bulk Items

Reminder: School bus traffic law requires a full stop

St. Augustine Experience

Cost: \$175 based on double occupancy. Overnight to oldest City in US. See Fountain of Youth, oldest school house, oldest. Guided tour of the city plus free time to explore on Old Town Trolley. Price includes bus, hotel, tour, trolley. Bus departs 8 a.m. Tuesday and returns at 8 p.m. on Wednesday.

Dec. 1 Bok Tower - Bok Tower staff hosts a Christmas concert with the Orlando Orchestra. Cost: \$60.

Dec. 14 - Thrift Store Frenzy - Shop at several thrift stores in the Hobe Sound and Stuart area. Cost: \$15.

LIGHTHOUSE DRIVE BRIDGE SEAWALLS GETS REINFORCEMENT

Public Works completes repairs, extending life of 60-year-old landmark bridge by 5 to 8 years

Work on the Lighthouse Drive bridge was completed in July, extending the life of the bridge 5 to 8 years before a major renovation, rebuild or closure will be required.

The seawalls under the bridge were deteriorating because of age, so work was done to replace concrete and steel holding the walls in place.

The new materials are meant only to stabilize the ground beneath the bridge, so the need for long-term solutions for the aging structure will still have to be addressed within the next few years.

Most of the work was done under the bridge, so there was little disruption to traffic flow above. It took several weeks to complete and cost about \$250,000.

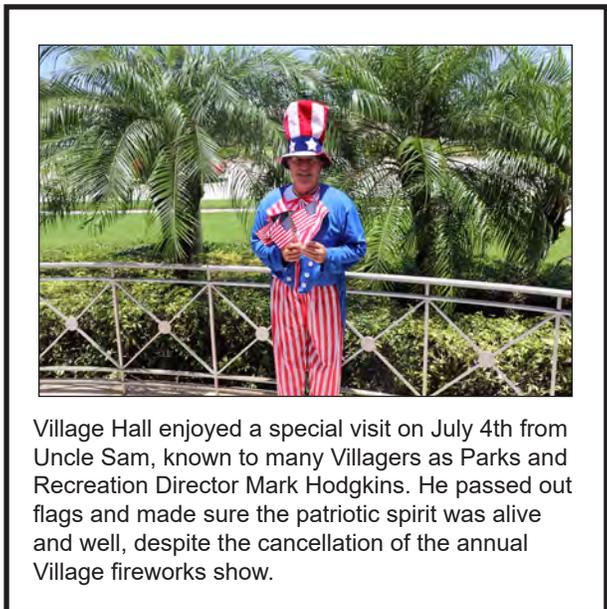

The bridge has been in use for 60 years and is inspected annually by a Florida Department of Transportation bridge inspector.

Village Hall enjoyed a special visit on July 4th from Uncle Sam, known to many Villagers as Parks and Recreation Director Mark Hodgkins. He passed out flags and made sure the patriotic spirit was alive and well, despite the cancellation of the annual Village fireworks show.

Never leave a child alone in a car.

Remember to **A C T**

A Avoid Heatstroke

Avoid heatstroke-related injury and death by never leaving a child alone in a car, not even for a minute. And make sure to keep your car locked when you're not inside so kids don't get in on their own.

C Create Reminders

Keep a stuffed animal or other memento in your child's car seat when it's empty, and move it to the front seat as a visual reminder when your child is in the back seat. Or place and secure your phone, briefcase or purse in the backseat when traveling with your child.

T Take Action

If you see a child alone in a car, call 911. Emergency personnel want you to call. They are trained to respond to these situations.
