# OPEN HOUSE

## VILLAGE OF NORTH PALM BEACH CODE UPDATE WORKSHOP

Review the Details  
of the Draft Code

**SEPTEMBER 7, 2018**  
**OPEN HOUSE AT 6 PM**  
**PRESENTATION AT 6:30 PM**

North Palm Beach  
Community Center  
1200 Prosperity Farms Road

Review the Draft Code and see how it will differ from existing regulations. These regulations will incorporate; mixed uses, compactness, good design, usable open space, walkable streets, appropriate parking, etc. The meeting will open with an informational presentation on the updated code and provide an opportunity to peruse the Draft Code elements.

### What is a Code Update?

The Village of North Palm Beach adopted the Citizen's Village Master Plan in 2016. One of the key recommendations from the plan is to rewrite the Code to update the development rules to:

- Create a "sense of place"
- Revitalize the US1 corridor
- Ensure private redevelopment complements public investments and contributes to realizing the vision
- Enhance financial sustainability of the community
- Respond to market forces
- Establish predictability in the built environment and the approval process
- Maximize the use of buildings, property, and the waterfront
- Provide incentives for desired patterns and forms of development

Visit [villagecodeupdate.org](http://villagecodeupdate.org) for updates!

The Code provides the rules for development and ultimately builds the community. Like any rule book, it has numbers, graphics, and charts which can be daunting but, provide predictability of desired outcomes.

# Village summer pool parties return with a splash

Though the Village pool was closed for several weeks during demolition of the old clubhouse, it re-opened with a big splash on July 27th with more than 100 people coming out for a Friday night Village pool party.

A second party was held August 10th, as the summer rains stopped just in time to create a beautiful night. Village staff

cooked hot dogs and hamburgers at the parties, and many people got their first look at the space where the clubhouse used to be.

Village pool parties have been popular with residents for many years and will continue when the new clubhouse is complete next summer.

# Neighborhood Enhancement Team makes Village look good

## Outreach program seeks to improve NPB neighborhoods

Are you aware of the Village Neighborhood Enhancement Team? The NET team is a group of Village employees who work with volunteers and residents to find creative solutions to individual code violations that need extra attention.

Their strategy is to increase pride of ownership, mutual responsibility, and collaborative problem-solving with property owners when addressing code-related issues and the upkeep of properties.

NET team members evaluate how various code violations affect neighborhood quality of life, and identify the properties that are most in need of assistance. Then they organize the resources, people and expertise needed to help home owners bring their properties into compliance with Village standards.

The NET team consists of members from the Village Police, Fire, Public Works, Community Development, and Parks and Recreation Departments, as well as the Village Special Projects

Director. Ultimately, the NET team’s goal is to work with residents to ensure neighborhoods remain desirable places to live.

Future outreach plans include crime walks, neighborhood clean-ups, beautification projects and efforts to obtain grant money to support neighborhood enhancement initiatives and community revitalization.

Neighborhood Enhancement Team  
560 U.S. Highway 1  
North Palm Beach, FL 33408  
(561) 841-3376

If you have a potential neighborhood issue that needs attention, please feel free to contact the NET Team at (561) 841-3376.

The Village NET brought together a dedicated group of volunteers recently to help spruce up two houses off Prosperity Farms Road. NET looks for innovative solutions to make sure neighborhoods stay attractive, and their most recent effort was a big success thanks to volunteers from the Solid Waste Authority of Palm Beach County, Paint Your Heart Out Palm Beach County, Generation Church and others. Village Councilmember Susan Bickel came out to support the good work also.

## Know Your Code

### *Business taxes due by Sept. 30 for Village and County tax receipts*

Florida law, as well as the Village and Palm Beach County Codes of Ordinances require businesses to pay for business tax receipts by September 30. North Palm Beach-based businesses are required to get both a business tax receipt from the Village and a separate business tax receipt from Palm Beach County government.

To find out more about obtaining or renewing a business tax receipt, check the Village web page at [www.village-npb.org](http://www.village-npb.org). Information about County tax receipts can be found at [www.pbctax.com](http://www.pbctax.com).

### Code Sec. 17-20. - Business tax receipt renewal

“All business tax receipts issued hereunder may be renewed without penalty no later than September 30 by application of the receipt holder. Receipts not renewed by October 1 shall be considered delinquent and subject to a delinquency penalty of ten (10) percent of the full year business tax for the month of October, plus an additional five-percent penalty for each month of delinquency thereafter until paid. The total delinquency penalty shall never exceed twenty-five (25) percent of the full year business tax for that applicant, in addition to the business tax set forth herein.”

## Collection Schedule

- Monday - Garbage, Trash, and Bulk Items
- Tuesday - Vegetation
- Wednesday - Garbage, Trash, and Bulk Items
- Thursday - Vegetation and Recycling
- Friday - Garbage, Trash, and Bulk Items

The Village provides trash collection services three days a week for household garbage, two days a week for vegetation, and once a week for recyclables.

Residents must provide their own trash cans and place them outside for “side door service.” Bulk items, vegetation, and recycling should be placed by the curb. Everything should be ready for pick up by 7 a.m. each day, according to type of items to be picked up.

Vegetation, trash or bulk items that come from any business or are generated by a hired contractor, such as a landscaper or home remodeler, must be hauled away from the property by the contractor.

For more information about trash pickup services, call (561) 691-3440.

## Excess Fertilizer = Pollution

Fertilizers make things grow! And that's a good thing if it's your yard. But when excess fertilizer is picked up by rainfall runoff, it is carried to our waterways, where it can cause many water quality problems (like algal blooms)!

## But YOU can help!

- If your community has a fertilizer application ordinance, get a copy and understand the rules.
- Always sweep up fertilizer that has accidentally been applied to hard surfaces.
- Don't apply fertilizer when heavy rainfall is forecast (2" or more).
- Keep a 10-foot wide buffer zone that is fertilizer free next to waterbodies.
- Save yourself time and money by converting your landscaping to native South Florida plants that don't require fertilization.

# Council recognizes long-term Zoning Board member

At a recent Council meeting, Mayor David Norris and the Village Council recognized Louis Daniello for his service to the people of North Palm Beach. Mr. Daniello served on the Zoning Board of Adjustment for 23 years, from 1995 through 2018, and served as Vice Chair from 2007 through 2010.

# Council approves contract for Public Safety building roof repairs

The Village Council recently approved a contract for \$563,040 for roof repairs at the Public Safety building.

Over the last two years, the Public Works Department made several repairs to the roof. The amount of damage and rot they were finding with each repair was increasing steadily, and there were indications the 20-year-old roof had been leaking unnoticed for a long time.

In more recent weeks, workers discovered mold affecting some areas of the building, so some employees have been temporarily moved to other offices while mold removal work is under way.

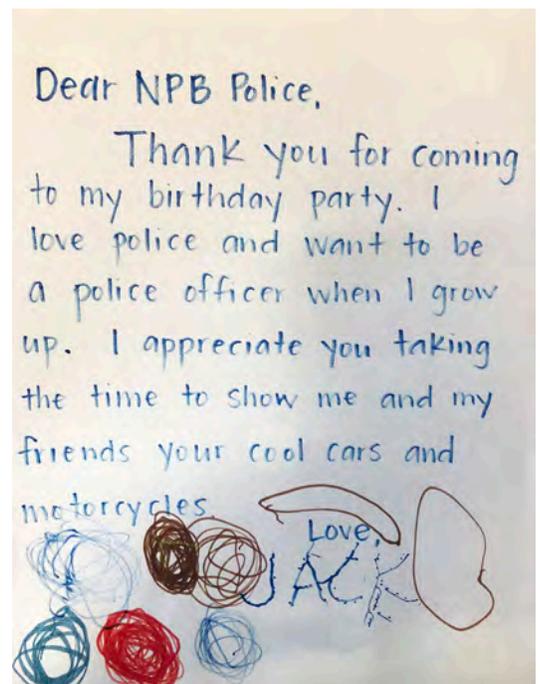

The Village will pay \$307,000 of the total cost and the rest will be paid by insurance. Police and Fire Rescue services remain fully operational at the building and have not been affected.

# Fun moments

Above: Parks & Rec. employees enjoying a moment at Summer Camp. Right: A letter to NPB police officers from a child who got a special visit from them at his birthday party.

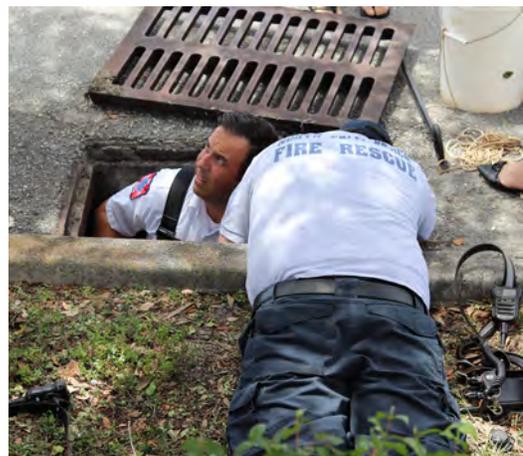

# Fire Department, Public Works rescue baby ducks

The Village Fire and Public Works Departments recently sprang into action when a citizen notified the Village about a distressed mother duck hovering at a storm drain at the Northlake Promenade Shoppes on U.S. Highway 1 and Northlake Boulevard.

Public Works responded and worked for a while, then called out the Fire Department to make sure the rescue

attempt would continue safely. Together, they spent more than an hour reaching and climbing into the muddy drain, eventually rescuing all six ducklings!

They were placed into mom's nearby pond and they all swam back to her together! Great work by Public Works and the Fire Department, keeping their skills sharp while helping wild life and the environment!

## College Essay Workshop

With Carolyn Kost

Sunday, September 16 from 2 to 4 p.m.

The essay is the college applicant's best chance to showcase unique qualities, strengths and interests to the admissions officers. Unfortunately, many students choose the wrong topics, brag about their travel or talents, fail to reveal what sets them apart in the best possible way, and have no idea how to respond to "Why do you want to attend here?" Come to our workshop and avoid the pitfalls that can keep you out of your dream college.

Carolyn Kost, a local College Counselor with 20 years of experience, will present a workshop on the elements that college admission officers look for (and the ones they hate). Afterward, she will guide brainstorming to help you get started. For those with a draft, she will provide individualized assessment and critique.

## Children

### Little Listeners Story Time

Tuesdays at 9:30 a.m.

Age: 17 months to 3 years.

A fun way to introduce early literacy skills. Activities emphasize body awareness, rhythm, and gross motor skills as they dance and jump to the music. They will develop listening skills and letter recognition through interactive stories, flannel boards and rhymes. Learning centers to help toddlers with cooperative play and fine motor skills.

### Rising Readers Story Time

Tuesdays at 10:30 a.m.

Age: 3 to 5 years

For preschool children to practice literacy skills and improve letter recognition in an enjoyable and

interactive way. This program is filled with songs, rhymes, and flannel boards to teach preschoolers listening skills, interpersonal skills, and phonological awareness (the ability to hear and identify the little sounds that make up words). At the program's end, preschoolers will engage in learning centers designed to promote fine motor and writing skills.

### Baby Time for the Young and Restless

Tuesdays at 11:30 a.m.

Age: Birth to 17 months

No child is too young to develop early literacy skills and have a great time at the library! Join us for a fun, interactive experience filled with stories, rhymes, and music. Children learn joint attention skills as we read and sing together. At the end, your baby can show off gross motor movements as they engage in sensory and exploratory play with other babies.

### Story Time

Wednesdays at 10:30 a.m.

Age: 2 to 5 years

Join us for a fun, interactive experience filled with stories, rhymes, and music.

# A lot of progress in a lot of places...

Just about everywhere you look in the Village of North Palm Beach, you'll see progress, improvement or something new happening. At the direction of the Village Council, staff is working hard to make sure the amenities of the Village are as attractive and functional as ever.

Here are a few examples:

## “Sprigging” at golf course

Right: To make sure the Country Club golf course remains a top venue when the new clubhouse opens next summer, crews are planting grass seedlings that are taking root and will be ready for play in December. The seedlings (shown in close up photo) are from a grass called “Latitude 36,” which is known as an excellent grass for golf courses and athletic fields.

## Anchorage Park upgrades

Right: Major renovations continue at Anchorage Park, including construction of a new seawall and the installation of new docks and boat slips. The “bowl” area near the playground is being leveled and new sod is being planted. The south dog park (for small dogs) also is closed while new sod is being planted.

## Public Works compound

Right: Village Public Works crews maintain roads and facilities, and provide trash removal services for residents. An old gate at their compound on Prosperity Farms Road created security and safety concerns and had to be opened manually. A new electrically operated security gate was recently installed, costing \$18,234.

# Village breaks ground on clubhouse construction

The Village Council began construction of the new North Palm Beach Country Club building recently with the ceremonial turning of the first shovels of dirt. The construction portion of the project is now officially under way.

The Council was joined by the Village Manager and department heads, as well as several representatives from the firms the Village has hired to plan, design and build the new 37,000-square foot clubhouse and restaurant.

“I remember when I was a kid, this was the place to be,” said Mayor David Norris. “Everybody came up here and it was the centerpiece of the Village. I think with this final piece, it’s going to be the centerpiece again, and it’s going to do something wonderful to U.S. 1, and I think it’s going to bring us all closer together.”

The ground breaking event lasted about 20 minutes and was streamed live on Facebook. About 50 people attended the event.

The golf course will open again with new grass in December, and the new clubhouse is expected to open in late summer next year.

<b>3-year</b>	<b>3.00%</b> APY*	Minimum deposit \$1000.00

\* Annual Percentage Yield (APY) effective 08/01/2018. CDs offered by Edward Jones are bank-issued and FDIC-insured up to \$250,000 (principal and interest accrued but not yet paid) per depositor, per insured depository institution, for each account ownership category. Please visit [www.fdic.gov](http://www.fdic.gov) or contact your financial advisor for additional information. Subject to availability and price change. CD values are subject to interest rate risk such that when interest rates rise, the prices of CDs can decrease. If CDs are sold prior to maturity, the investor can lose principal value. FDIC insurance does not cover losses in market value. Early withdrawal may not be permitted. Yields quoted are net of all commissions. CDs require the distribution of interest and do not allow interest to compound. CDs offered through Edward Jones are issued by banks and thrifts nationwide. All CDs sold by Edward Jones are registered with the Depository Trust Corp. (DTC).
