## Parks & Recreation Director Mark Hodgkins is retiring

After more than 35 years leading Village baseball, basketball, football, soccer, tennis and swimming programs, one-of-a-kind Parks & Recreation Director Mark Hodgkins has decided he loves shuffleboard!

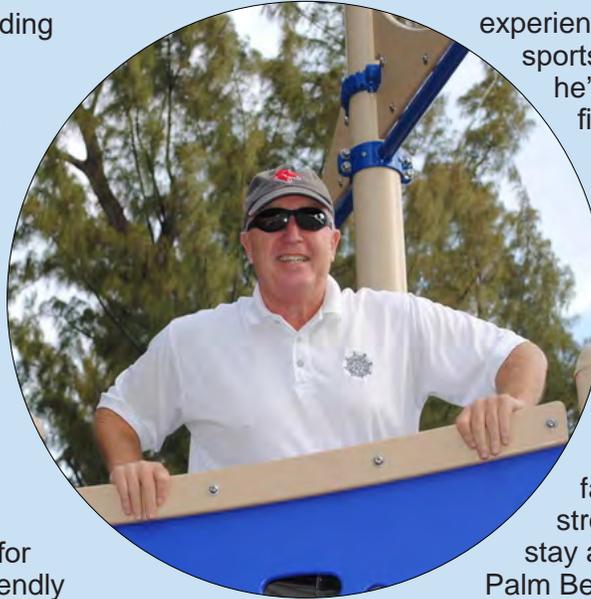

Mark recently announced his retirement plan at Village Hall, much to the disappointment of many who work with him.

He is known for bringing a great attitude to work every day, and can be counted on for his quick wit and plenty of friendly conversation.

Mark says he will remain in the area, so he expects to keep in contact with many of the people he has met and worked with over the years.

And that's good news not only because he is so well-liked, but also because he has a deep historical knowledge of the Village, its people and its events, and people want to hear from him.

He says he has enjoyed working with so many great people over the years, and he always enjoyed having a variety of different issues and

experiences on the job. As a life-long sports fan and athlete, Mark says he's happy he got to work in a field that he loves.

In the future, he hopes to see the Village continue to build on his work and develop more good Park and Recreation programs that include as many people as possible.

He says the thing he likes most about the Village is the family atmosphere that remains strong as successive generations stay and raise their kids in North Palm Beach.

The Village greatly appreciates all that Mark has accomplished in his years of service to the community, and the great customer service he provided steadily to everyone he met.

He will be missed, but those who know him are glad he will find some time to enjoy new opportunities, and the Village wishes him all the best.

There will be a retirement open house for Mark on Friday, March 8, from 4 to 6:30 p.m. in Anchorage Park. The public is welcome to attend.

## Code Sec. 4-28 - Running at Large

Sec. 4-28. - Running at large.

(a) Dogs in parks and on streets and sidewalks. No person owning or having possession, charge, custody or control of any dog shall cause, permit or allow the dog to stray, run, be, go or in any other manner to be at large in or upon any public park, street or sidewalk unless accompanied by an attendant who shall have such dog firmly held by collar and leash, which leash is not to exceed eight (8) feet in length. Retractable leashes are not permitted in public parks unless they are locked at a maximum length of eight (8) feet.

(b) Dogs on property of others. No person owning or having possession, charge, custody or control of any dog shall cause, permit or allow the dog to stray, run, be, go or in any other manner to be at large in or upon private property of others within the village without the express or implied consent of the owner of such private property.

(c) Cats. No person owning, harboring or having in his possession any cat shall knowingly permit or allow such cat to run at large within the village, or knowingly allow such cat to be upon any street, boulevard, road or alley of the village or in any yard or enclosure other than the yard or enclosure occupied or owned by such cat owner between the hours of 11:00 p.m. and 7:00 a.m.

## Village conducting survey about boat/RV storage and screening

The Village is in the process of surveying residents about the storage of boats, RVs and trailers on residential properties. The brief survey will provide valuable feedback that will help the Village Council develop boat and RV storage policies that best preserve the Village's quality of life.

Many people in the Village own these vehicles and want to store them outside their homes, but other residents don't want to see the vehicles from their own yards or from public streets. Screening the vehicles creates various challenges for some people, and it is important to

be as fair as possible to everyone.

Most of the survey's questions relate to the screening of boats and RVs, though two questions relate to delivery of the monthly Village newsletter. The idea to conduct the survey began in the fall as many residents were attending Council meetings with strong opinions about storage and screening.

A random selection of 1,100 households in the Village received the survey. The more residents who fill it out and send it back, the more accurate the results are likely to be. If you received one, please send it back in the envelope provided.

The postage is prepaid so it costs nothing, but your input will be truly valuable to the Council as they review the regulations of boat and RV storage.

# Resident participation needed at Code Update workshops

The Village is holding a series of monthly citizen workshops to plan for future business development on U.S. Highway 1 and on Northlake Boulevard.

At the meetings, consultants will present proposed changes to the Village Code of Ordinances that are intended to encourage private sector investment in local business properties.

If the proposed changes are implemented, they will have a significant impact on the look and design of commercial buildings and landscaping, potentially resulting in new business development, as well as increased shopping, dining and entertainment experiences within North Palm Beach.

Updates to the Code are a major component of the Citizen’s Master Plan, which the Council approved in October 2016.

Key recommendations of the Master Plan include:

- Redefining U.S. Highway 1
- Rewriting building codes based on design, rather than usage
- Improving Prosperity Farms Road
- Prioritizing redevelopment areas

There is a lot involved in updating the rules of property redevelopment, so each meeting will cover different aspects of the proposed Code changes, such as plans for the Twin City Mall site, New zoning rules for the Camelot Inn, the Crystal Cove business complex and the IHOP restaurant.

There also will be guided discussions about off-street parking, building height, outdoor seating regulations and businesses

on the north side of Northlake Boulevard.

Public involvement is critically important to the redevelopment process and to the future of the Village life and property values, so residents are strongly encouraged to attend and to get involved.

Meetings begin at 6:30 p.m. in the Council Chambers.

Future meeting dates are:

- March 13
- April 16
- May 13
- June 6

For more information about the Code Update meetings, visit [www.VillageCodeUpdate.org](http://www.VillageCodeUpdate.org).

## Property tax payments are due before April 2

### *A Message From Constitutional Tax Collector Anne Gannon’s Office*

March is the last month to pay property taxes before they become delinquent April 2. Pay online at [www.pbctax.com](http://www.pbctax.com). Because the March 31 deadline falls on Sunday this year, Florida Statute extends the payment deadline to the next business day. Payment(s) must be received in our office by 5 p.m. or online by 11:59 p.m. EST.

If you participate in our Installment Payment Plan, the final 2018 property tax installment payment is also due this month. Save money by paying property taxes with eCheck, which is free.

Avoid Long Lines by Paying Online Palm Beach County schools are closed March 18-22 for Spring Break. We expect service centers will be busier than normal during this week as teens frequently come in on the school break to obtain their first driver license.

Tips for a smooth and efficient visit:

Make an appointment for driver license transactions. Be sure to book your appointment online well in advance. Appointments fill up quickly.

Bring all required forms and documents to avoid a second trip to our office. For a list of required documents, please visit our Help & Resources page at [www.pbctax.com/content/help](http://www.pbctax.com/content/help).

Check wait times online at [www.pbctax.com](http://www.pbctax.com) or text WAITPBC to 4-1-4-1-1 to find a service center with the shortest wait time. You’ll even be able to see how many clients are waiting in line! Times are posted in real time which means they will change between the time you check them and the time you arrive at our office.

# Clubhouse Construction Update

*Views from 2nd floor dining and banquet areas now becoming visible*

Construction crews at the new Village Country Club are now working on the second floor of the building, preparing the walls and columns that will house the clubhouse restaurant, kitchen and banquet rooms.

From the concrete floor that separates the upper and lower levels of the building, the view that diners will see as they sit on the covered patio becomes clear.

Looking west, diners will overlook the 9th and 18th holes of the golf course. Looking north, they will see the pool area.

Also from the second floor, U.S. Highway 1 out front can now be seen. Though most of the 1st floor was built below ground level, the second floor will rise high enough to provide an elevated view of the Country Club grounds and the businesses across U.S. 1.

Virtually all of the 1st floor was built with concrete and steel, and the 2nd floor will be structured the same. Crews are building the 2nd floor walls using cinder block, concrete and steel. These will be the structures that will hold up the roof.

Despite the concrete walls, the clubhouse will have large windows on all sides, making the rolling golf course view the focal point of both the dining area and the multi-use banquet rooms.

Additionally, work on the covered walkways surrounding the building is in progress, as well as the elevated porte-cochere, which is the covered drive-up entrance where visitors can be dropped off outside the clubhouse lobby.

## Local teen offers suggestions for furniture re-use

Dear Neighbors,

My name is Skylar, and I am 17 years old. I have lived in the Village my entire life, and in the past few years I have become increasingly aware of how frequently furniture is placed in the swale to be removed as garbage.

Couches, armchairs, wooden chairs, dressers, and side tables are all common sights. Unfortunately, much of this furniture is still in usable condition, but goes to waste: it is either ruined by rain or sprinklers or simply taken to the landfill before anyone can salvage it.

Understandably, many people lack the time or the vehicle space necessary to transport large, unwieldy items such as dining tables and couches to a resale store or other organization. However, several local groups are willing to pick up items for free:

- Vietnam Veterans of America: Quickly schedule a pick-up online at [vva.org/donate](http://vva.org/donate) or through [pickupplease.org](http://pickupplease.org).
- Faith Farm Ministries: Go to [www.faithfarm.org/palm-beach-north-donation-pick-up-request](http://www.faithfarm.org/palm-beach-north-donation-pick-up-request) to schedule a call with a local thrift store representative to arrange a pick-up.
- Florida Breast Cancer Foundation: Arrange a pick-up at [pickupsforbreastcancer.org](http://pickupsforbreastcancer.org).
- The Salvation Army: Call (561) 688-9153 to schedule a pick-up.
- Goodwill: Dial (800) 645-8164 to arrange a pick-up.

With just a call or a few clicks, you can have the satisfaction of knowing that your furniture will have a second life in the home of someone who needs it rather than just being thrown away.

Sincerely,

Skylar
